# Artist Statement

---

In her artistic practice, **Yulia Ani** delves into the realms of identity, belonging, and the complexities of human emotions. As an immigrant, a woman, a mother, she embodies these facets into her work, exploring the dualities of inner and outer structures and the states of mental health.

Yulia's painting process is both intuitive and intentional. Her works are more than a visual feast, they serve as a mirror, reflecting the viewer's own experiences and emotions, thereby fostering a deeper understanding of the self and the world.

Yulia Ani uses professional acrylic paints as well as other mediums like oils and inks in her works. Her paintings are found in private collections around the world.
